Negli ambienti di lavoro le sedute operative sono quelle maggiormente utilizzate, ecco perché abbiamo sviluppato un'offerta ampia, versatile, moderna, ad alto contenuto ergonomico e tecnico. Il tutto accompagnato dalla scelta dei materiali e componenti di alta qualità per durare nel tempo.

In the offices, task and operator chairs are the most used chairs, therefore we have developed a wide, versatile, modern and with high technical standard range of products. All this combined with the excellent quality of the components, chosen to last long in time.

Dans les ambiances de travail les assises opératives sont celles que, à la majeure, sont utilisées; raison pour laquelle nous avons développé une offre vaste, versatile, moderne, avec un élevé contenu ergonomique et technique. Le tout accompagné du choix des matériaux et des composants de haute qualité pour durer dans le temps.
